

STARS OF STAGE AND SCREEN WHO APPEAR HERE NEXT WEEK

Coming Season
Very Promising

THE coming theatrical season, which will open early in August and get into full swing on Labor Day, promises to be an extremely busy one for the producers. Plans for numerous new productions have been made by all these managers, while many road companies are contemplated in spite of the fact that railroad rates have been advanced. At least two new theatres will be opened in the Broadway district and there will be two more by the first of the year. Business for the summer shows is excellent and there is every reason to believe that the coming season will be a prosperous one. The fact that the city is full of sailors and soldiers helps along this line. Another reason business for the theatres is good and should remain so is because ocean travel has been cut off for most civilians and thousands of people are coming here to spend their money instead of going abroad.

MADGE KENNEDY HEADS
THE STRAND'S NEW BILL

Harold Edel will present a varied programme at the Strand next week. It will be headed by Madge Kennedy in the film, "The Service Star." While it is a war picture, there is not a single scene in it. Another of the Outing-Chester scenes will be shown, and there will be a Christie comedy entitled "Kide." Antonio Brizio will offer a violin solo, the Strand Soldier.

CROWDS AT BROADWAY
TO SEE "KAISER" FILM

To Hell With "Kaiser" will begin its second week at the Broadway Theatre to-morrow. It has been playing to large audiences. This picture is a combination of fact and fancy, all of which contains a tremendous indictment of the Germans, headed by the war-mad Wilhelm and his military assistants. Lawrence Grant, Olive Tell, Betty Howe, John Sunderland and Frank Carrier head the cast. M. Kiehn, manager of the Broadway, has arranged several novelty additions for the programme, among them being a drill by a squad of United States Marines.

PROCTOR VAUDEVILLE
AND PICTURE PLAYS

Proctor's Fifth Avenue Theatre will have Marie Russell, Gardinetti Brothers, Francis and Nord in acts and "Fanny" Arducci in "Good Night, Nurse," the first half of the week. For the rest of the week the bill will include Harry and Grace Ellsworth, Billy Glason, Keane and Green and Gordon and Hayden, as well as some good pictures.

EXCHANGING WABASH STOCK.

Preferred B to Be Put Into Preferred A and Common.
In accordance with a provision of the charter, the directors of the Wabash Railway Company are arranging for exchange of the preferred B stock into equal amounts of preferred A and common stocks. This privilege will be in effect on and after Aug. 1.
Total amount of the preferred B outstanding is about \$48,000,000. If all of it is exchanged the total of common outstanding would be about \$47,000,000, and of the preferred A \$70,000,000.
The preferred A is callable after five years from date of issue, which will be some time in 1920. The preferred B has the same privilege, but whatever amount is exchanged for the preferred A and common would disappear automatically.

Summer Nights'
Concerts Sponsored
By Universities

By Sylcester Rawling.

ARNOLD VOLPES nightly orchestral concerts at the Stadium of the City College continue to attract music lovers. The vast spaces of the auditorium, except on Saturday and Sunday nights, are not always filled, but every night there are listeners enough to put Mr. Volpe, his players and his soloists on their mettle. At last Wednesday night's concert Ganga Zeliniska, a coloratura soprano, sang the ball song from "Lakme" in voice and manner sufficient to compel attention. The soloists of the week included Marie Tiffany, Rafaela Diaz, a tenor from the Metropolitan Opera Company, who won great favor. Marguerite Namara, Philippine Mars and Marion Green. Next week Forest Lamont, Sue Harvard, Mayo Wadler, the violinist, and Frank La Forge, the pianist, are to appear. The orchestra's first symphony and "Nuit de la Harpe" suite, the overture to "Lakme," "The Harlequinade" and the ballet music from "Coppelia" are among the numbers announced for the orchestra. There are 5,000 seats to be bought for twenty-five cents apiece and soldiers and sailors in uniform are admitted free.

"The Battle Hymn of the Republic" and "America," sung by a Community Chorus were features of this week's concert. The Green of Columbia University, Edwin Franko Goldberg and his New York Military Band continued to win public favor. There was an extra demand for seats. Next week's programmes include Marie Tiffany, soprano of the Metropolitan Opera Company, as soloist, and Major Lester Lake as conductor of his own compositions. Seats are free on application to the university.

The overture to "Zampa" will be played by the Rialto Orchestra next week. Hugo Rosenfeld conducting. There will be also selections from Victor Herbert's "The Serenade." As the overture next week at the Rivoli, Erno Rapee, conducting, the ballet music from Goldmark's "The Green of Shylock" will be played. At the Strand the Symphony Orchestra, under the direction of Oscar Spiering, will play selections from Puccini's "La Boheme."

Y. M. C. A. DRIVE ON
FOR OVERSEAS MEN

City Is Expected to Furnish 1,000 of Contingent Requested by Gen. Pershing.

The Y. M. C. A. drive for the 4,000 men asked for by Gen. Pershing for overseas service will start to-morrow. New York is expected to furnish 1,000. Gen. Pershing has requested men who have been successful in conducting departments in stores; men who have been successful as salesmen; men who can box and teach others to box; who can wrestle and who are good amateur athletes; men who can play baseball, basketball and football; men who can play on musical instruments and men who can sing and lead others in singing. As they must be over the draft age, the Y. M. C. A. thus offers to candidates from thirty-one to fifty years a chance to see and be a part of the world war against the enemy. Those accepted are given a uniform and kit, free transportation overland and back; expenses of from \$5 to \$75 a month, with an allowance for their families when necessary, and policies on their lives.

LUNA IS ATTRACTING
THE SEASIDE THRONGS

Luna had its greatest week in point of attendance during the seven days just ending. The big amusement park at Coney Island is a very popular place this summer. The many rides are being kept very busy and the big ballroom is full of dancers all the time. Prof. Zaccaria, "the magician," is entertaining hundreds. The "Hitchy-Koo" field will be celebrated at Luna Tuesday and on Friday 1,000 internal revenue collectors will hold their first outing there.

CONDENSED MILK
LIMITED BY THE
NEW SUGAR RATION

Makers to Be Held to Present
Production by Food
Officials.

The Food Administration announced to-day that it will not permit new condensed milk plants to obtain sugar. No plant now in operation can obtain more sugar than is necessary for its present production of sweetened condensed milk, and no plant capable of making both sweetened and evaporated milk will be permitted to transfer its product from evaporated to sweetened milk except to the extent it is now doing. In the past no restriction has been placed on this industry because of the desire to avoid cutting off markets for fresh milk.

More than 10,000 applications for sugar certificates already have been granted by the Sugar Division of the Federal Food Board, while the staff of clerks is working on 15,000 applications received yesterday from up-State. Certificates already issued are approximately for 14,000,000 pounds. More than 2,500 applications for the certificates were made personally yesterday.

The board announced also that in lieu of suspending for the period of the war the license of O'Brien & Scherl, flour dealers, at No
